

## Motion to Establish a Matching Grants Program for the Alden Building Campaign

A motion is hereby made to establish a matching grants program to match, on a 1 to 1 basis, any monetary donations made to the Alden Building Campaign when made through the Delano Kindred, up to a combined total match of \$5000.

Supporting explanation: The Delanos and the Aldens have a rich family history together, beginning with Philippe himself. Close cooperation between the families continues today with the Delano Kindred and the Alden Kindred. The Alden Kindred owns and maintains the original Alden Homestead property, to which there can be little doubt that Philippe was a frequent visitor. They have embarked upon an ambitious plan to significantly expand the barn and provide much-needed meeting, office and exhibit space. Supporting their endeavor is an opportunity for us to bring our families even closer together and, potentially, to provide a physical place the Delano Kindred can call "home".

Motion proposed by Terry Delano.
