

DELANO KINDRED 2021 Contact Committee Report

Again this year, the Contact Committee responded to a multitude of questions, all of which were received via the Kindred's website "Contact Us" feature. Most were genealogy or membership questions and were answered directly via the website email address, but some posed interesting questions about who is related to whom that I could not answer simply by referencing Muriel's Delano Kindred genealogy database. Those were forwarded to Muriel Cushing and/or George DeLano for their invaluable assistance and astounding knowledge of Delano genealogy. Their assistance is greatly appreciated.

Respectfully submitted,

George ("Terry") Delano (gdelano2000@yahoo.com)
Chair, Contact Committee
